

Capacity

This week, your task is to investigate capacity. Some key vocabulary that should be used include full, empty, half full, nearly full, nearly empty.

Full

Empty

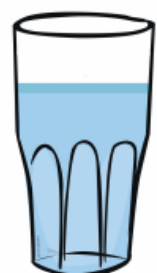

Half-Full

Nearly Empty

Nearly Full

When investigating capacity, think about the following:

Can you put the vocabulary in order starting at full and end at empty?

Using different cups/containers, can you investigate capacity using those?
Which ones hold the most water?

Why not make some flower perfume? Using water and flower petals, mix together and create your own perfume, use the containers to create moments to investigate empty, full and the other vocabulary.
