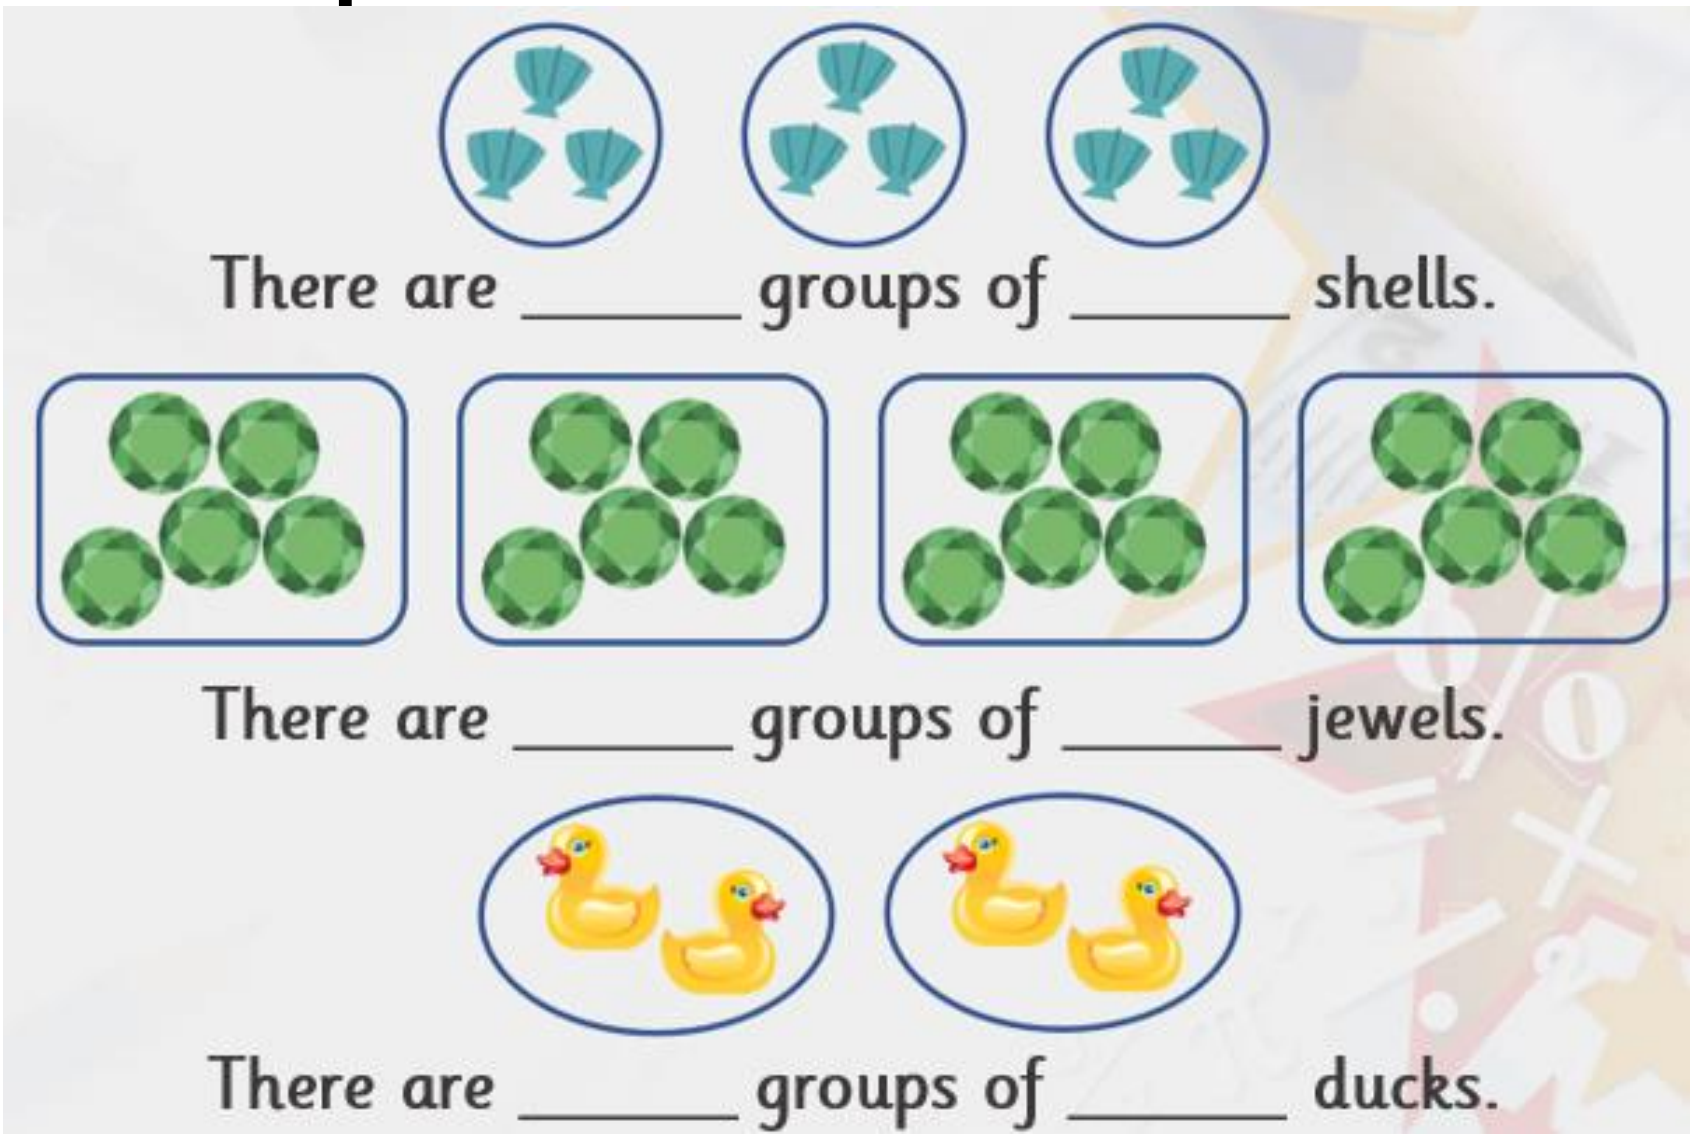
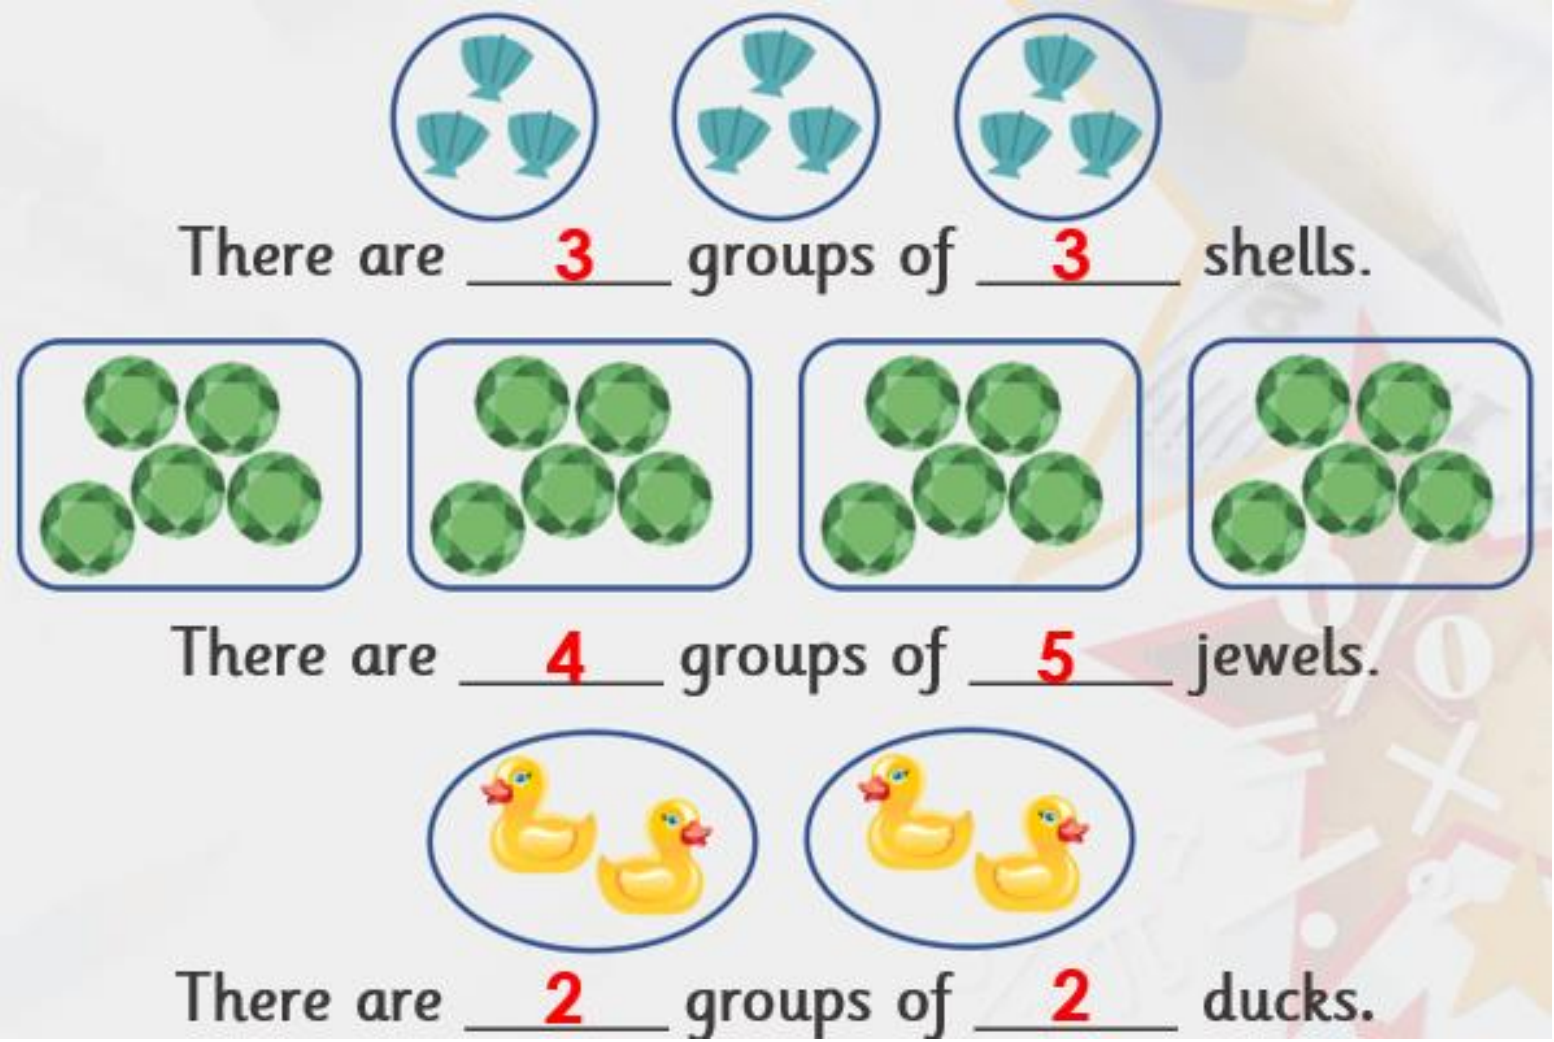
Repeated addition



Answer

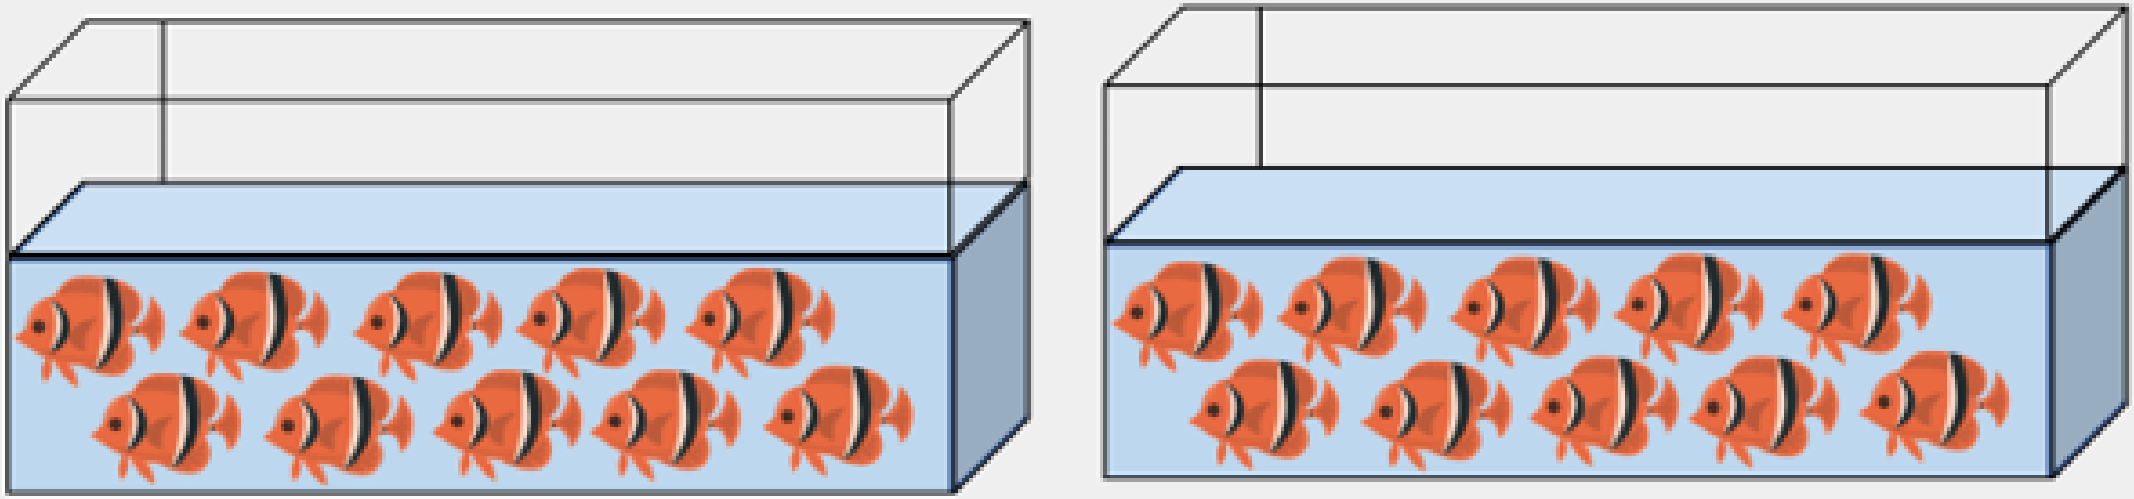


3+3+3= 9

5+5+5+5 =20

2+2 = 4

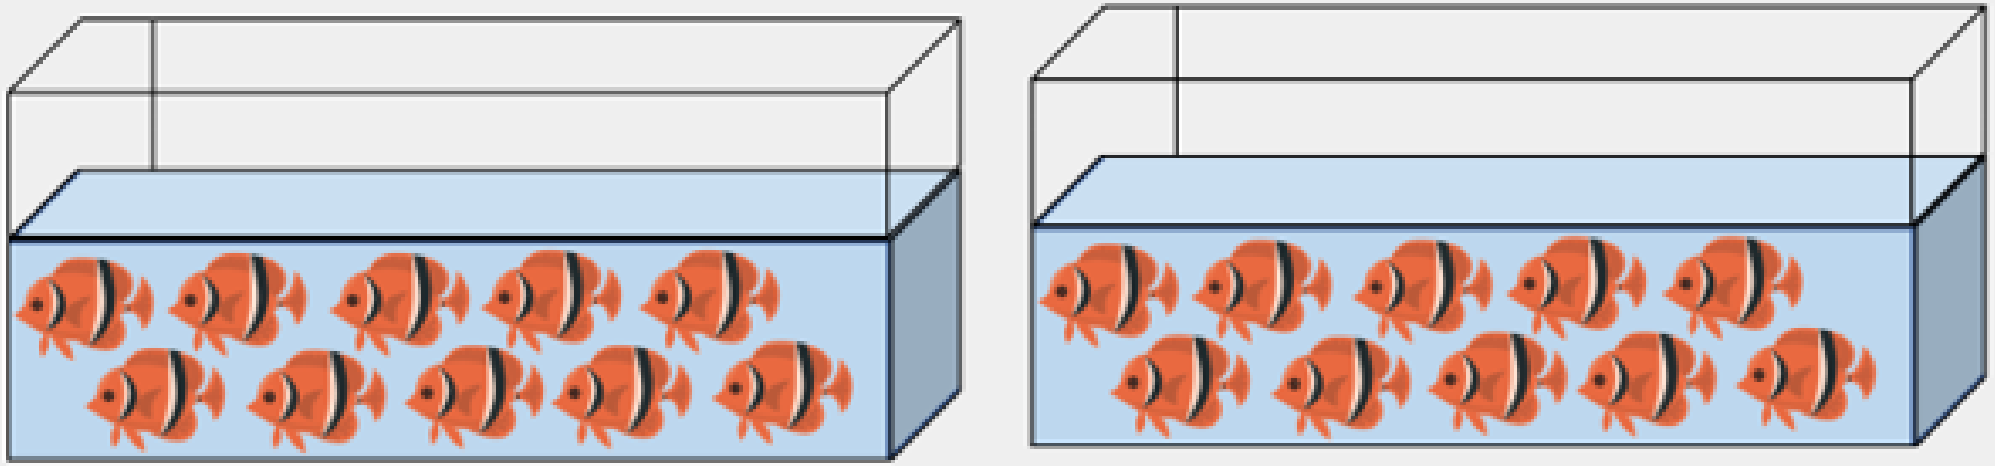
There are 10 fishes in each tank.



True or false?

There are 20 fishes altogether.

There are 10 fishes in each tank.

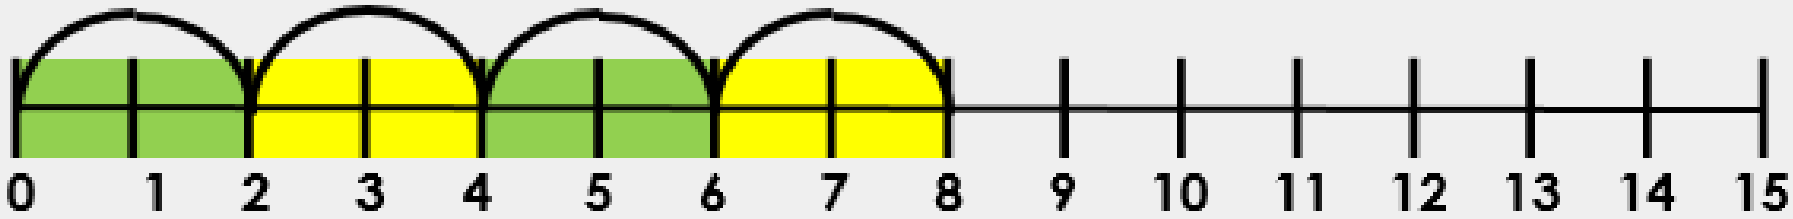


True or false?

There are 20 fishes altogether.

True

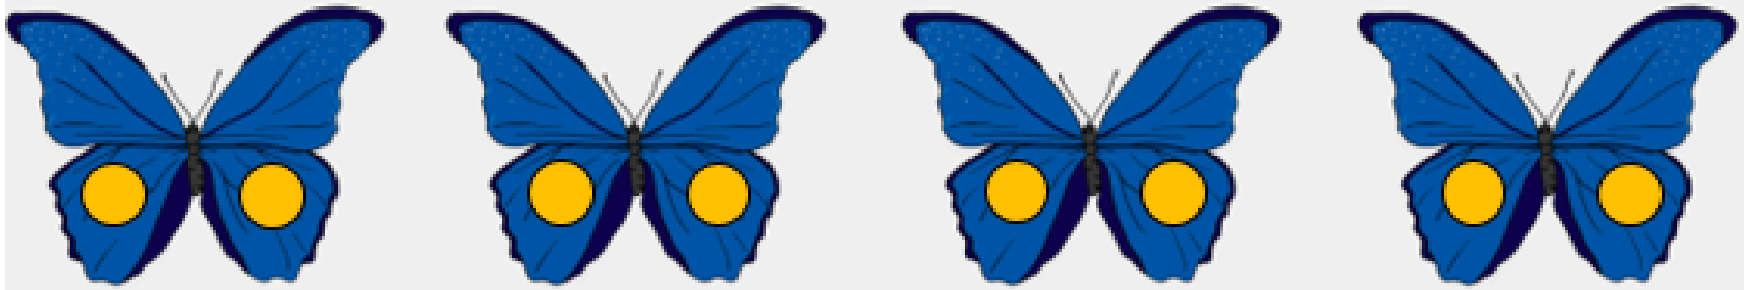
Draw spots on the butterflies to represent the calculation on the number line.

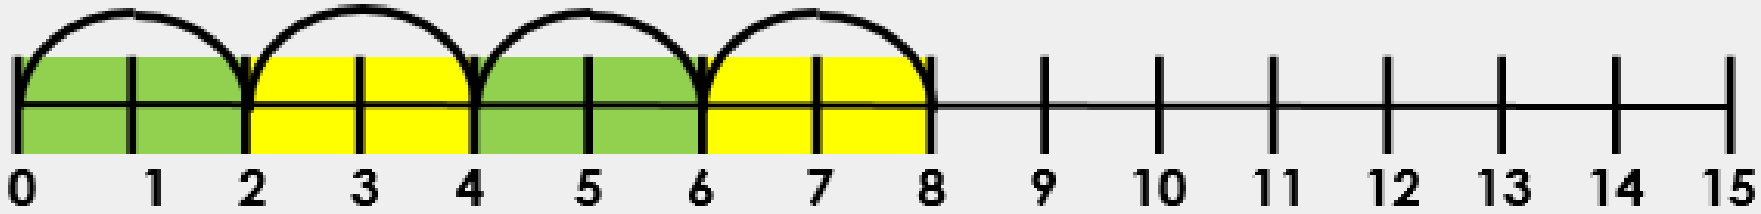


Complete the number sentence to match.

$\square + \square + \square + \square = 8$

Draw spots on the butterflies to represent the calculation on the number line.





Complete the number sentence to match.

$$\boxed{2} + \boxed{2} + \boxed{2} + \boxed{2} = 8$$

Reasoning

Maggie and Kyle have been counting in 10s starting from 10.

Maggie

All of my numbers will be odd numbers.

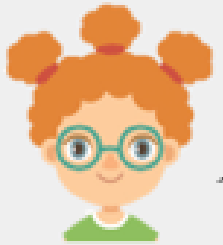
Kyle

All of my numbers will end in a 0.

Who is correct? Explain your answer.

Maggie and Kyle have been counting in 10s starting from 10.

Maggie



All of my numbers will be odd numbers.

Kyle

All of my numbers will end in a 0.

Who is correct? Explain your answer.

Kyle is correct because when counting in 10s, all numbers end in 0. For example; 10, 20, 30

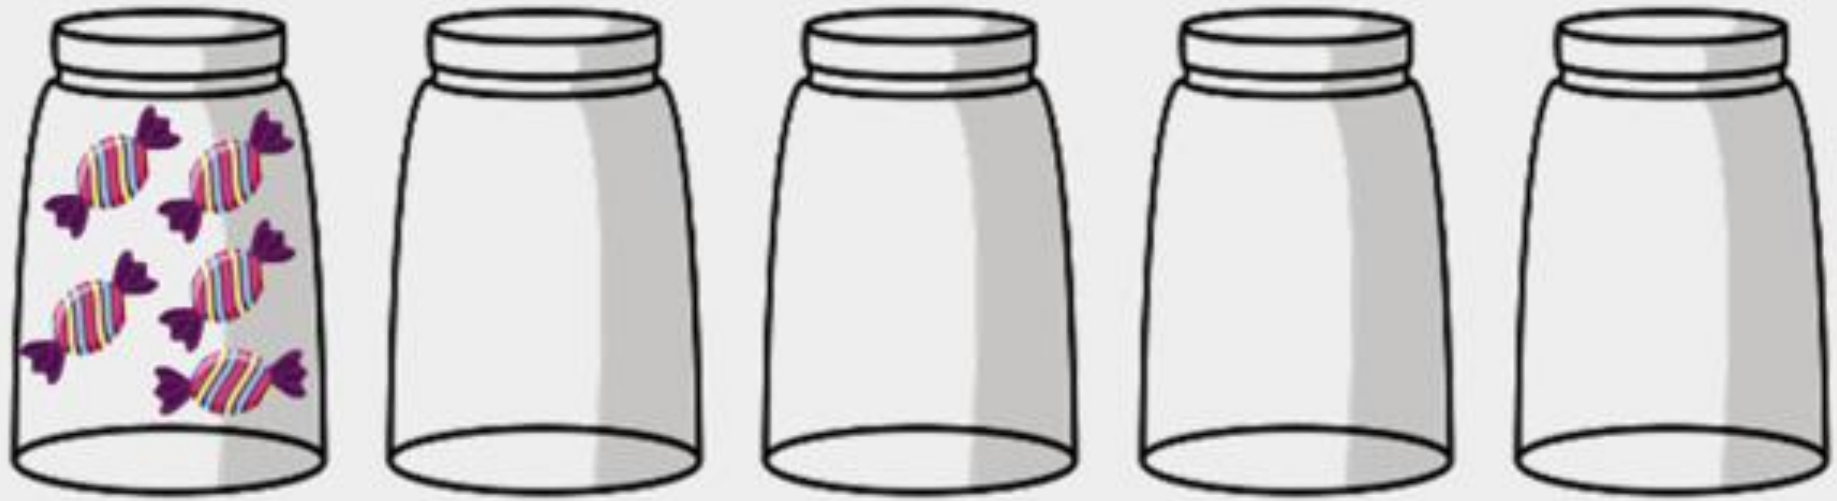
Problem solving

Jamie has 5 jars. He puts 5 sweets in each jar.

How many sweets does he have altogether?
Show your working.

☐ + ☐ + ☐ + ☐ + ☐ = 25

Jamie has 5 jars. He puts 5 sweets in each jar.



How many sweets does he have altogether?
Show your working.

25 sweets

5 + 5 + 5 + 5 + 5 = 25
