

Use the information on the slides to help you answer the questions.

Fluency

There are \_\_\_\_\_ marbles.

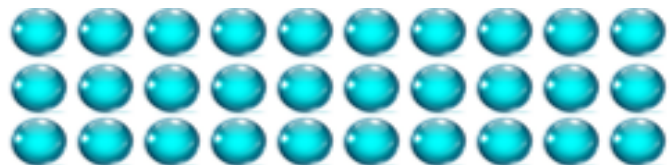

I can make \_\_\_\_\_ equal groups of **2**.

There are \_\_\_\_\_ marbles.

I can make \_\_\_\_\_ equal groups of **5**.

There are \_\_\_\_\_ marbles.

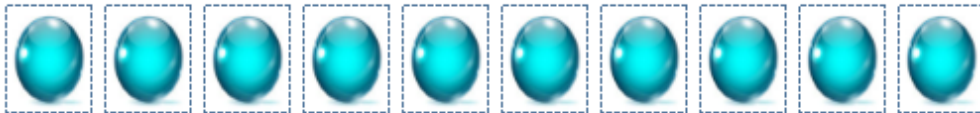

I can make \_\_\_\_\_ equal groups of **10**.

## Reasoning

Kayde has got 10 marbles. He thinks he can split them into equal groups of 2.

Do you agree?

Can you explain your answer.

## Problem Solving

Amy and Molly have 15 counters each.

Amy puts hers into groups of 5.

Molly puts hers into groups of 3.

Who has made the most groups?
