

**Year 5 Geography**  
**Tuesday 16<sup>th</sup> June 2020**

**Lesson 2 - Tectonic Plates**

**Activity 1**

Read through the Powerpoint called 'Tectonic Plates' carefully.

Complete any activities or answer any questions you have been asked.

Try to link this back to your previous learning if you can!

**Activity 2**

Open the 'World Map' document.

Draw the tectonic plates onto the world map. If you have an atlas at home, you can use this. If not, you may need to research on the internet.

Watch this video to give you even more information about tectonic plates:

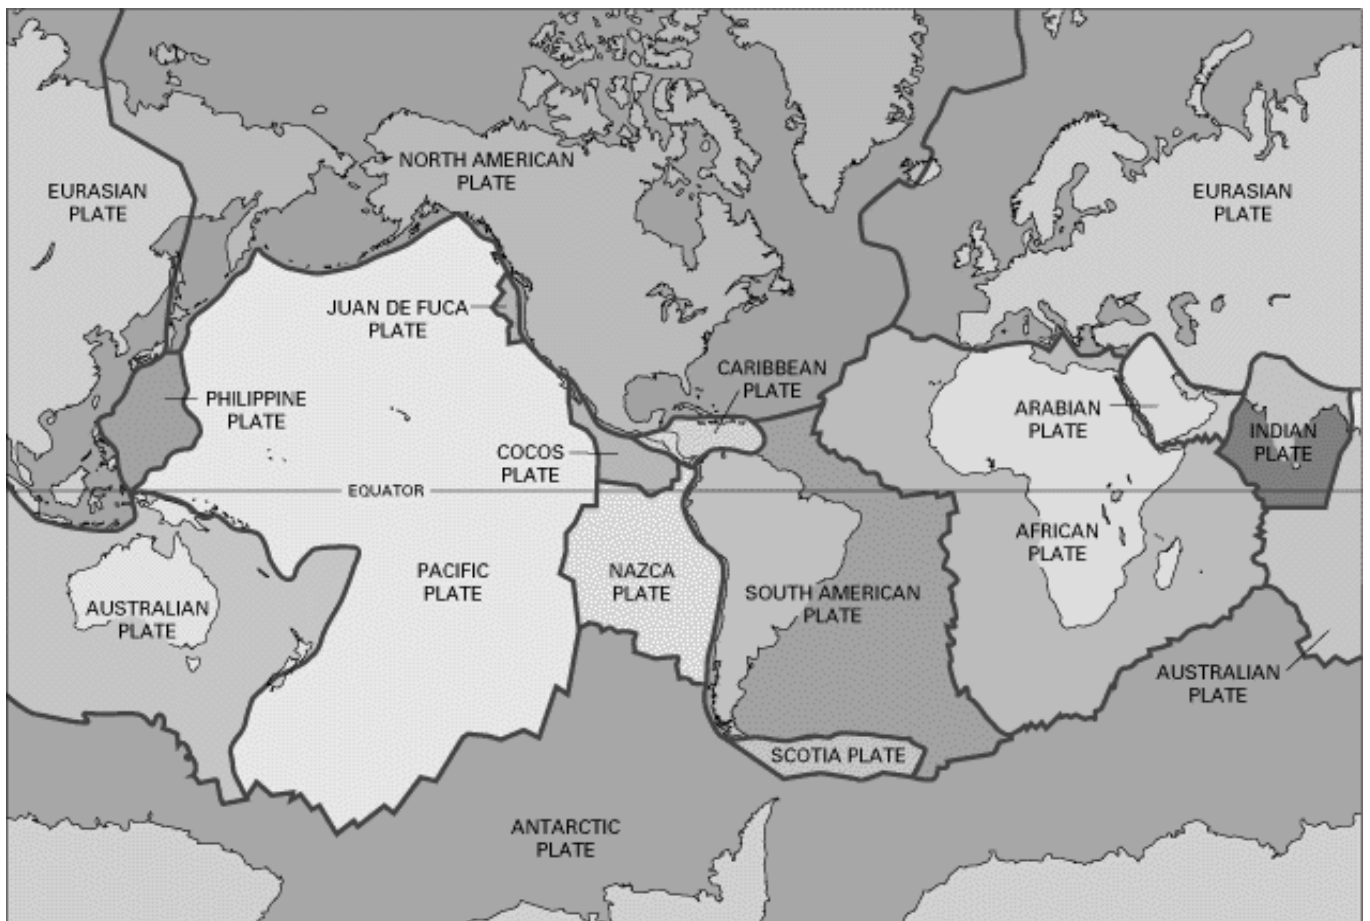

<https://www.youtube.com/watch?v=tcPghqnnTVk>

Why not have a go at the tectonic plates game? Just be aware that some of the information we haven't learned yet, however it may still be interesting to learn about!

Extension:

Look at the map showing the different tectonic plates.

Which plates are the following in?

- a. North America - \_\_\_\_\_
- b. South America - \_\_\_\_\_
- c. Asia - \_\_\_\_\_
- d. Australia - \_\_\_\_\_
- e. Europe - \_\_\_\_\_
- f. Antarctica - \_\_\_\_\_
- g. Africa - \_\_\_\_\_
