

Land Use

There are four main land uses in our local area.

These are **residential, commercial, recreational and industrial.**

Residential land- Where buildings are mainly used for people to live in.

Commercial land- Where buildings are mainly used for selling things to make money e.g. offices, restaurants and shops.

Recreational land- Where land is used for recreation or leisure activities, such as sports fields, parks, campsites, swimming pools.

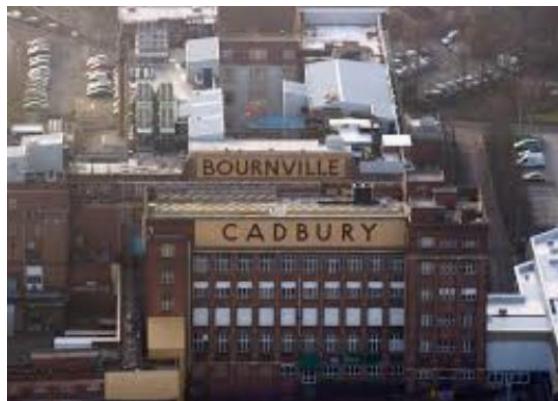

Industrial land- Where land is mainly used to make things, such as cars, clothing, food.

Look at the pictures below and search for clues about what the land is being used for. Use the key words to help you label the pictures.

This is _____ land.

I know this because I can see

This is _____ land.
