

Geography: Northfield

Most of us either live in Northfield or have been there with our families.

Today your task is to think about the things that you think are good about Northfield and the things that are bad.

Write them in the table below:

Good Things	Bad Things

Now have a think about things that could be improved (made better). Would you like there to be more parks-why? See if you can think of 2 things that you would like to see improved and why.

E.G. I would like there to be more parks in Northfield because at the moment there is mainly a high street with shops and not many spaces for children to play.
