Friday 17th July 2020

Lesson 6 - Solar System

Today you will be evaluating the product you created last week.

You will identify both your strengths and areas for development, self-assess your work and identify and explain what you need to do in order to improve your work.

I was good at _____

because _____

Open the document 'Product Evaluation' and complete.

- What were you good at?

Next time I need to improve _____

because _____

- What do you need to improve?

- How will you do this?

I will do this by _____
